# SeaBreeze CTV

SKU: SeaBreeze-CTV-socks

SeaBreeze CTV - A constant wear 1h SOLAS- and ISO-suit for tough and demanding environments.

A robust, light weight 1-hour work and survival suit for overwater activities. Designed with focus on ergonomics and comfort, it allows good freedom of movement. Made of a durable, highly-breathable and waterproof material. The suit is ideal for use on board merchant vessels and for transport to and from offshore wind farms. For comfortable integration of safety equipment such as a harness and/or lifejacket, the suit is clean on the chest and back. It has reinforcements on the seat and knees for additional protection.

### Key features

- Ergonomic – pre-shaped Y-construction offers excellent freedom of movement
- Breathability – durable HP Superlight fabric with excellent breathable properties
- Lightweight shell to reduce weight
- Waterproof zip intergrated to neck seal for easy donning and comfort
- Roomy splash resistant pockets placed on each thigh to ensure ease of access
- Clean design on front and back for easy integration with safety equipment
- Attached socks to allow for choice of footwear
- Separate soft comfortable neoprene hood stored in upper sleeve pocket
- 5 finger neoprene gloves stored in sleeve pockets
- Reinforcement on knees and seat
- Must be used with compatible SOLAS- or ISO-lifejacket according to user area
